PROFESSIONAL SUMMARY

Frontend developer with 4 years of freelance experience building 20+ responsive websites in HTML, CSS, JavaScript and React. UI/UX background lets me bridge design and code seamlessly. Recently focused on React via personal projects — FFmpeg-based browser tools, a built-from-scratch SVG editor.

EXPERIENCE

Freelance Frontend Developer & UI Designer

2021 – Present

Self-employed · Remote

- › Built responsive websites and landing pages with HTML, CSS, JavaScript and React
- › Designed UI/UX mockups in Figma and implemented them as pixel-perfect code
- › Created brand identities and logos using Adobe Illustrator and Photoshop
- › Managed full project lifecycle — from requirements to on-time delivery

TECHNICAL SKILLS

Frontend

HTML / CSS	Confident
JavaScript	Confident
React	Intermediate
Git	Confident

Design

Figma	Confident
Photoshop	Confident
Illustrator	Intermediate

LANGUAGES

English	B2
Ukrainian	Native
Czech	A1

EDUCATION

Kyiv Polytechnic Institute

Bachelor's · Information Measuring Technologies
2020 – 2024

ABOUT

Detail-oriented and comfortable owning a feature end-to-end — from Figma mockup to deployed code. I learn by building: most of what I know about React came from shipping the tools listed in my portfolio. I work steadily, communicate clearly, and stay calm when plans change. Open to feedback and growing inside a team. Learning Czech daily and would welcome a Czech-speaking team to push it forward.
